GENERAL AND REVENUE SECRETARIAT

Serial Nos

Part B for January 1946

SUBJECT

Formation of a road from the Elgin Fountain to District Offices (I stage) Mysore

To The Chairman, C & T Board, Mysore
" Chief Engineer for Roads & Buildings
" Comptroller

✓ 3426- d 2-11-45

Sanction the estimate for Rs 2, 13, 180- as also [redacted] advance of Rs 1, 50, 000- for the to be recouped by the Board in due course

out only bungalow sites with a set back of at least 135 feet from the railway line. Whether the Bamboo Bazaar sites should be acquired or should be left in the possession of the allottees on suitable conditions may be investigated.

6. Formation of a square at the junction of the new Banni Mantap Road and the new cross road leading to Industrial suburb opposite to Ookad:

Mr.Krumbigel may be requested to give a lay-out for the square with storeyed buildings on all the four sides.

7. Sheep slaughter house may be shifted to the new site, behind the hillock to the north of Jodithenginamara Burial ground. The existing building may be made use of otherwise for Municipal or public purposes.

8. N.Madhava Rao Circle.

The circle was inspected with reference to lay-out plan given by Mr.Krumbigel. It consists of a semi-circle on the western side and a rectangle on the otherside. To complete the circle, the Mission School may be acquired and laid out into shop sites in a line with Nanjundappa's new building with necessary shifting of the road. The blind wall of Mr.Siddappa's building may be demolished and the party asked to reconstruct to match with the elevation of the Vani Vilas Market on one side and Mr.Nanjundappa's new building on the other side. The position of the Bus Shelter proposed in the triangular bit of land in front of Kailasa Vihar is approved.

==========

SNR/-

ew Industrial Suburb in the Mysore South
ding surveyed and the Chief Engineer has been
sted to post the extra hands required for
eting the surveys.

y-out plan was got from Mr.Krumbiegal and
work for the formation of a triangle near
existing Ookad and the work is now under
ress according to that programme. It is
osed here to have a Band Stand at the top
he small hillock by the road side.

stimate for construction of a new Slaughter
e behind the hillock to the north of Jodi-
ginamara Burial ground has since been -
tioned. Arrangements have been made to sell
existing building for some other purpose.

acquisition statement has already been made
necessary notification issued.

srs.Siddappa & Bros have been instructed to
struct their building in conformity with the
vation of the V.V.Market and the new building
er construction by Mr.Nanjundappa.

10. The several gangs (of Health and P.W.D. Sections) should be concentrated for undertaking works such as, clearance, cleaning, filling up of pits levelling etc., This method of work will yield very good results and may be adopted frequently.

19th March. 1944. 1 Straight road from Elgin Fountain to the Dist. Offices.

The proposed circle at the Elgin Fountain and the road from this circle to the District Offices was inspected. The houses to be acquired were also inspected. Most of them were found to be dilapidated and insanitary. This road besides forming an important bazaar road opens out the slum areas. The scheme may be prepared for execution in four stages as noted below:-

1st stage: Forming a circle including acquisition of Lansdowne Buildings and a few private properties for forming shop sites along the circle.

2nd stage: Forming the road from the Circle upto Santhepet.

3rd stage: Forming the road from Santhepet to Chamundeswari road.

4th stage: Completing the balance length of the road from Chamundeswari road upto District Offices.

Separate plans and estimates may be prepared for the above four stages. In regard to the first stage, it is necessary to see what portion or portions of Lansdowne Bazaar can safely be left in tact without serious detriment to the scheme.

The Chairman may also find out and report to Government how many families are likely to be displaced at each stage and what arrangements should be made to re-house them.

2. Acquisition for improving Ane Sarot street:

The possibility of taking up this scheme in the near future may be examined.

3. Formation of Dhanvantri Road: Acquisitions may be completed and the compound of the Krishnarajendra Hospital extended early. A scheme may be got up for acquiring further houses to form shop sites in a line with Devaraja Market.

4. Formation of a Circle opposite to Ayurvedic Hospital for installing the Statue of His late Highness the Yuvaraja of Mysore.
The position of the circle and the statue as marked out is approved. The Superintending Engineer may submit proposals for taking the work early

5. New Bamboo Bazaar and Medars Block.
It is desirable to shift the Bamboo Bazaar to the area proposed for new Industrial suburb near the Mysore South Railway station. The present lay-out of Medars Block may be modified by laying

system of weekly gang work with the help of Engineering gangs is being continued as instructed. Reports are being submitted to the Dewan Sb along with the Health Report about the works ried out by this gang system.

) prepare a detailed estimate, a regular staff) required. For this a sum of Rs.10,800 has been ovided for in the Budget for the year 44-45. The ief Engineer has also been requested to post e required hands and as soon as the hands are sted, the surveys will be taken up and the pro- ct got ready in 4 stages as instructed.

modified plan of the proposed circle in place Elgin Fountain has been prepared by the Superintending Engineer, Mysore Circle, and as per instructions of the Dewan the same has been kept or being shown to him during his next visit to ysore.

Provision has been made for the acquisition of properties in this area during the year 44-45. The surveys are under progress.

All acquisition cases are completed excepting three properties. Awards are ready for these properties also and before the end of June,44 acquisition will be completed.

A copy of the Dewan's notes has been sent to the Superintending Engineer, Mysore Circle, who is taking necessary action in the matter.

The Medars' Block has since been modified with a set back of 135 ft from the railway line as instructed and the lay-out is being worked out accordingly.

STATEMENT SHOWING PROGRESS

Date of Inspection.	No. of Inspection.	Details of instructions.
19th December 1943.	1	1. Lay-out of Industrial Suburbs in Mysore South. After survey of the area proposed for the colony, lay-out plans may be prepared in consultation with the Director of Industries and Commerce and the Railway Department and may be submitted to the Dewan with a note. The scheme for the Industrial colony should be comprehensive and provision for the several facilities should be thought of, the main points to be considered being proximity to the Railway Station, availability of electric power and abundant supply of water.
	2.	A road behind the new Bamboo Bazaar is necessary for the use of the vehicles carrying bamboos and timber. In the absence of this road, the high road in front will be used and consequently there will not only be obstruction to traffic but this important road will always have to be in constant repairs. A drain to be excavated in Purniah's nala to lead off the water which now stagnates
	3.	The rear portion of the quarters to be erected in the K.R.Hospital compound for the use of nurses etc., will have to be made presentable and kept sanitary. How this could be ensured may be thought of
	4	In forming extensions, care should be taken to see that sufficient space is left between one extension and another so that each extension may have an individuality of its own.
	5	An Index Plan of the city showing the several new lay-outs may be prepared and submitted to the Dewan
	6	Basket shops, and sale of fuel and vegetables and butter etc., on road side in the city should not be allowed as this would obstruct traffic besides being unsightly. This was observed by the Dewan on the Manantody road. Separate space should be allotted if there is demand for the same in the locality.
	7	The Sweepers Quarters opposite to the Silk Farm may be got white-washed and the premises kept clean.
	8	The last hut that was observed by the Dewan on the Manantody road near (Sweepers quarters) may be got removed
	9	The proposal to lease out the spacious lawns between the Sandal Oil Factory and the Manantody road to merchants for stocking timber may be dropped, as this would disfigures the lawn. The lawn may be improved

DEWAN'S INSPECTION NOTES.

Replies.	Remarks.
Surveys for the lay-out of Industrial Suburbs in the Mysore South is under progress. The delay is due to want of sufficient hands and the Chief Engineer has since been addressed to post the hands necessary.	
As the new Bamboo Bazaar is proposed to be shifted to the new Industrial Suburbs in Mysore South, this road may not be necessary and therefore be deleted	
In the plan approved for execution by the Assistant Engineer, Headquarter Range, it is seen that the frontage for the quarters of Nurses etc., to be constructed within the compound of K.R.Hospital, faces this main road. This subject may therefore be deleted.	
In all lay-outs these instructions are being adhered to	
The Index Plan of Mysore and lay-out plans were prepared and shown to the Dewan during his last inspection, and the same will be handed over to him when he goes over here next.	
The sale of fuel, vegetables, butter etc., on roadside is being prevented.	
The Sweepers' quarters in front of the Silk Factory have been since got white-washed and the area in front of the quarters formed into a park	
This hut is under acquisition.	
Instructions are noted and the land in question is arranged to be kept clean.	

Letter No 4264 Dy 16-11-44 from the Chief Engineer for Roads & Buildings forwarding for orders of Govt. two alternative estimates in connection with the formation of a straight road from the Elgin Fountain site to the DC Offices at Ellystone

1 Kind reference is invited to the note (Flag O) dealing with the question of forming a straight road from the Elgin Fountain to the District offices in Mysore city and the work being taken up in four stages The establishment required therefor has also been sanctioned in the G. orders 6 6 1944

2 The Chief Engineer for Roads & Buildings has now forwarded two alternative estimates for the first stage — one for Rs 11,61,70 for forming the Road from the Elgin Fountain up to D Bannerman Road while the other is for Rs 2,13,180 for acquiring properties for forming the whole of the road stops to D Bannerman Road He favours the alternative scheme costing Rs 2,13,180 the

Y.D.0726—GPB—2,000—1,9 44

suggest that the formation of the circle may be taken up after the completion of the canopy over the proposed statue of the late Maharaja and that the road across the Lansdowne Bridge need not however work can be formed up to Bannimantap road

3 Orders are solicited as to which of the alternatives may be adopted

Law Secy 28/III/44

4 As is suggested by the C E all the properties valued at Rs 2,13,160 may be acquired and the foundation of the circle may be taken up after the completion of the canopy over the proposed statue of His Late Highness the Gadi across the Lansdowne Bazaar may be taken up & formed upto Bannimantap Rd

Chief Sec to Govt 6-12-44

From the Chairman - C & D Board, Mysore
B.2-6 1027/42-43 of 31-5-45

Fds for Sanction a Scheme relating to the formation of a Road from Elsm Fountain to Dist offices (I stage, i e from Elsm Fountain to Bannimantap Road)

9) The cost of acquisition for the I stage stage will be Rs 2, 11, 960 and this has to be advanced by Govt in the first instance

10) The Chairman has stated that the Mysore City Municipal Council are not in favour of proceedings with the acquisition of the above lands, till the cessation of the war

11) As this is a special scheme, sanctioned by Govt for the installation of the statute of His Late Highness Sri Krishnarāja Wadiyar and as the canopy work is rapidly progressing the Chairman C & D Board has recommended that the properties be acquired expeditiously

4) The main file is seen to have been submitted to the Minister Road on 5-2-45 (Dy no 335-G)

5) Three drafts sanctioning the acquisition

12) are put up

Points for orders:-

6) 11/6 1) Whether the properties in question may be acquired for the purpose

2) Whether a sum of Rs 2,11,960 may be advanced pursuant to Govt

WD 02139—GPB—20 000—26 2 45

Funds

14) Enquiries regarding the Trust Scheme have not yet been sanctioned. The file was submitted to the Minister R.S.L. on 5.2.45. He was pleased to state that the place would be inspected before finalising his opinion.

15) The Finance Officer has submitted regarding the payment on account Rs 2,11,968/- subject to recoupment.

The Chairman considers that the scheme must be a self supporting one. The Hindu are against the scheme as a whole. The cessation of the war & this is a good Scheme sanctioned by the Govt for the welfare of the Sikhs (Later) for Kashmiris & Hindustan, it cannot be kept off & has to be proceeded with for today

16) It may be advanced Lawyers Fees Rs 1000/- Jan Janam Sakhi Rs 1000/- Gen Gen 13 Oct 45

17) I agree to it. This is a very good scheme & may be proceeded with as much as possible

18) The amount may be advanced & the Scheme may be proceeded with

C F 69]

Continuation Sheet | File No / Current No | of | Page

To the Chairman, C.S.T. Board, Mysore

L.S.44, d. 7-6-45.

Calls for details, as to how the Scheme is treated as self-supporting

From the Chairman, C.S.T. Board

B-2-C-1027-/42-43-D 15-6-45

Submitted states that the Scheme is a self-supporting one, as the sites to be formed would be sold by auction and requests for a special grant of Rs 1,50,000/ by Government to the Trust Board, as an advance, in the first instance, and to be accounted after the sites are formed and sold.

2b) The alternative Estimate for the I stage of the Scheme which has been duly scrutinised by the Chief Engineer for Roads and Buildings, for Rs 2,13,180/ has been approved by the Dewan and the Minister for Ds and P.W.D. (vide paras 7 to 8 of the Notes Supra)

2c) The approximate cost of the entire scheme would be Rs 5,50,000/ and the work has been ordered to be taken up in four stages, covering the period from May, 1944, upto end of June, 1948. The number of houses to be acquired would be 340.

Formation of Shop Sites from Khasra Number 180 to the Delhi Water Supply.

Serial No

27) It is proposed to form 4 Shop Sites, on both sides of the Road, measuring 20' x 35' A Sum of Rs 4, 20, 000/ is expected to be realised, by the sale of the above Shop Sites, at Rs 30- per Syd for 14,000 sq Yards

28) The cost of acquisition for the first stage is estimated at Rs 2, 11, 960

The Chairman therefore considers that the scheme is self-supporting in that the cost of acquisition is more than balanced by the realisation by the sale of Shop sites to be formed in the area It is however, clear from the Chairman's letter, dt 1-8-44 that the Trust Board has to finance the scheme to the extent of Rs 1, 30, 000, out of its funds.

Flag 'Y'

30) In the latest letter dated 15-8-45, the Chairman has requested that a special grant of Rs 1, 50, 000, C instead of an advance of Rs 2, 11, 960/ previously asked for) from the Govt to the Trust Board, for the current year in the first instance, the same being recouped after the Shop Sites are formed and sold

Flag 'Z'

31) The Financial Secretary to Govt and the Minister for Education and P H have approved the grant of an advance of Rs 2, 11, 960, to the Trust Board (Vide paras 17 to 19 Supra)

NOTE FOR COUNCIL CIRCULATION

Subject - Formation of a straight road from the Elgin Fountain to District Offices (I Stage)

In connection with the formation of a straight road from the Elgin Fountain to the District Offices at Mysore, it is reported that 340 properties would have to be acquired The estimate of cost for this work is Rs 5,50,000/- (approximately) and the work has been ordered to be taken up in four stages, commencing from May 1944 to end of June 1948 A sum of Rs 4,20,000/- is expected to be realised by the sale of the shop sites to be formed in the area later on

2 The Chief Engineer for Roads and Buildings has forwarded two alternative estimates for the First Stage,- one for Rs 1,16,170 for forming the road from the Elgin Fountain upto D Banumaiah Road, while the other is for Rs 2,13,180/- for acquiring the properties required for forming the Circle and the road upto D Banumaiah Road He is in favour of the alternative scheme costing Rs 2,13,180/- He suggests that the formation of the circle may be taken up after the completion of the canopy over the proposed statue of His Highness the late Maharaja and that the formation of the road across the Lansdowne Bazaar may be completed upto Banumaiah Road

3 In regard to the financing of the Scheme, the Chairman, Mysore City Improvement Trust Board, has requested for an advance of Rs 1,50,000/- in the first instance, from the Government to the Trust Board during the current year, and he states that the amount will be recouped after the shop sites are formed and sold The Financial Secretary to Government has agreed to the proposal

4 The proposals (1) to sanction the alternative

alternative estimate for the First stage of the work, at a cost of Rs 2,13,180/- as recommended by the Chief Engineer for Roads and Buildings and 2) to grant an advance of Rs 1,50,000/- to the Trust Board, have been approved by the Dewan and the Minister for Education and Public Health

For Disposal by circulation

Order

52) 16/10/'45

W 22/10/45

Final Note by the Minister for Education and Public Health

Subject — Formation of a straight road from the Elgin Fountain to the District Offices, Mysore

(3) With a view to have a straight road formed from the Elgin Fountain to the District Offices, Mysore, sanction was accorded in the Government Order dated the 6th June 1944 to the entertainment of necessary staff for the survey and preparation of the required estimates in this connection It is now reported that for the formation of the above road, 340 properties will have to be acquired, that most of the houses to be acquired are dilapidated and insanitary and that the approximate cost of forming this road would be about Rs 5,50,000/- The road besides proving an important bazaar road will open out the slum areas and the Chairman, City Improvement Trust Board, Mysore, proposes to take up the execution of the scheme in four stages as noted below -

First stage - Forming a circle including acquisition of Lansdowne Buildings and a few private properties for forming shop sites along the circle

Second stage - Forming the road from the circle upto Santhepet (Banumiah Road)

Third stage - Forming the road from Santhepet to Chamundeswari

Fourth stage - Completing the balance length of the road from Chamundeswari Road to District Offices

(4) The Chairman reports that a sum of Rs 4,20,000/- would be realised by the sale of the shop sites to be formed, that the scheme would be self-supporting and that the cost of acquisition of the properties required for forming the circle and the road upto D Banumiah (Old Santhepet) road is estimated at Rs 2,13,180/-

(F N — contn)

It is proposed to accord sanction to the estimate for Rs 2,13,180/- referred to above and to the grant of an advance of Rs.1,50,000/- to the Trust Board to be recouped in due course out of the sale proceeds of shop sites. The formation of the road across the Lansdowne Bazaar upto Banumiah Road will be taken up immediately, the formation of the circle being taken up after the completion of the canopy over the statue of His Highness the late Maharaja which is under progress

12 54 M
45

The Dewan and the other Ministers agree to the above proposals and I solicit the gracious sanction of His Highness to the same

Subj. Formation of a straight road from the Elgin Fountain to the District offices, Mysore

With a view to have a straight road formed from the Elgin Fountain to the District offices, Mysore, sanction was accorded in G.O.N° L 3473-6/ML 12-45-7 dated 2-11-45 to an estimate for Rs 2,13,180- for the first stage of the work and to the grant of an advance of Rs 1,50,000/- by the Government to the City Improvement Trust Board, Mysore, for the purpose, to be recouped eventually by the sale of such sites to be formed on the road

The proposed road, besides serving as an important bazaar road, will also open out the slum areas in the city

The scheme is estimated to cost in all Rs 8,20,000/- as detailed below -

I and II stages from the Sayyaji Rao Road to Bannimaih Road ——— Rs 2,85,000

III stage from the Bannimaih Road to the Chamundeswari Road — 3,33,000

IV stage — from the Chamundeswari Road to the Viceroy Road — 1,52,000

Add cost of dismantling properties — 50,000

Total — Rs, 8,20,000

The acquisition of properties coming under I and II stages of the scheme has already been Sanctioned and awards to the tune of Rs 3,13,464 have already been passed in respect of these properties. ~~proposed to be acquired under the I & II stages of the scheme~~

The Chairman, City Improvement Trust Board Mysore, has requested the Government for an additional advance of Rs 1,63,464- to meet the acquisition charges

~~In addition to the advance of Rs 1,63,000 already~~ This behalf.

~~Sanctioned by the Government~~

It is accordingly proposed 1 to advance an additional Sum of Rs 1,63,464- to the Trust-Board, Mysore, to meet the acquisition charges of the I and II stages of the Scheme, to be recouped eventually, and 2) to direct the Chairman of the Trust Board to take up the III stage of the Scheme, only after the I and II stages of the work are fairly advanced, the awards relating to the III stage coming up for payment only by next July

The Dewan and the other Ministers agree to the above proposals and I solicit the gracious Sanction of His Highness to the same

[illegible] Minister for Edn[illegible]

Notes of Inspections by the Dewan of Mysore on 19th March,

(Mr.H.B.Gundappa Gowda, Minister for Local Self-Government and Public Health, Mr.R.Ramachandra Rao Bhombore, President, City Municipal Council, Mysore, Mr Krumbiegel, Consulting Architect Mr N V Bapat, Superintending Engineer, Mysore Circle, accompan

---

1. Straight road from Elgin Fountain to the District Offices -

The proposed circle at the Elgin Fountain and the road from this circle to the District Offices was inspected. The houses to be acquired were also inspected. Most of them were found to be dilapidated and insanitary This road besides forming an important bazaar road opens out the slum areas. The scheme may be prepared for execution in four stages as noted below.

1st stage	.	Forming a circle including acquisition of Lansdowne Buildings and a few private properties, for forming shop sites along the circle
2nd stage		Forming the road from the circle up to Santhepet
3rd stage	.	Forming the road from Santhepet to Chamundeswari road
4th stage	.	Completing the balance length of the road from Chamundeswari road up to District Office

Separate plans and estimates may be prepared for the above four stages In regard to the first stage, it is necessary to see what portion or portions of Lansdowne Bazaar can safely be left intact without serious detriment to the scheme

The Chairman may also find out and report to Government how many families are likely to be displaced at each stage and what arrangements should be made to re-house them.

2 Acquisition for improving Ane Sarot Street -

The possibility of taking up this scheme in the near future may be examined

3 Formation of Dhanvantri Road -

Acquisitions may be completed and the compound of the Krishr rajendra Hospital extended early A scheme may be got up for acquiring further houses to form shop sites in a line with Devar Market.

4 Formation of a circle opposite to Ayurvedic Hospital for in ling the statue of His Late Highness the Yuvaraja of Mysore -

The position of the circle and the statue as marked out is approved. The Superintending Engineer may submit proposals for taking up the work early.

5. New Bamboo Bazaar and Medars' Block -

It is desirable to shift the Bamboo Bazaar to the area pr posed for new Industrial suburt near the Mysore South Railway S tion The present lay-out of Medars' Block may be modified by laying out only bungalow sites with a set back of at least 135 from the railway line Whether the Bamboo Bazaar sites should acquired or should left in the possession of the allottees on s ble conditions may be investigated

6 Formation of a square at the junction of the new Banni Va Road and the cross road leading to Industrial surburb opposite Ookad -

Mr.Krumbiegel may be requested to give a lay-out for the s with storeyed buildings on all the four sides

7 Sheep slaughter house may be shifted to the new site, behi the hillock to the north of Jodithenginmara burial ground existing building may be made use of otherwise for municipal or public purposes.

8 J Madhava Rao Circle -

The circle was inspected with reference to the lay-out plan given by Mr Krumbiegel It consists of a semi-circle on the wes side and a rectangle on the other side To complete the circle the Mission School may be acquired and laid out into shop sites a line with Nanjundappa's new building with necessary shifting o the road The blind wall of Mr Siddappa's building may be demolis ed and the party asked to reconstruct to match with the elevation of the Vani Vilas Market on one side and Mr Nanjundappa's new bui ing on the other side The position of the Bus Shelter proposed the triangular bit of land in front of Kailasa Vihar is approve

1 Straight road from Elgin Fountain to the District Offices

The proposed circle at the Elgin Fountain and the road from this circle to the District Offices was inspected The houses to be acquired were also inspected Most of them were found to be dilapidated and insanitary This road besides forming an important bazaar road opens out the slum areas The scheme may be ~~taken up~~ prepared for execution in four stages as noted below The acquisitions of properties relating to the four stages may however be notified - simultaneously to avoid boosting up of the value of - properties

1st stage	Forming a circle including acquisition of Lansdown Buildings and a few private properties, for forming shop sites - along the circle
2nd stage	Forming the road from the Circle upto Santhepet
3rd stage	Forming the road from Santhepet to Chamundeswari road
4th stage	Completing the balance length of the road from Chamundeswari road upto District Office

Separate plans and estimates may be prepared for the above four stages ~~The special staff required for working out the scheme as per statement enclosed may be entertained for the period required to complete the scheme~~ In regard to the first stage if it is necessary to see that portion or portions of Lansdowne Bazaar can safely ~~can~~ be left intact ~~with safety as~~ without serious detriment to the scheme

~~The first stage of the scheme may be taken up at once~~ The Chairman may also find out and report to Govt how many families are likely to be displaced at each stage and what arrangements should be made to rehouse them

2 Acquisitions for improving Ane Sarot street

The possibility of ~~This~~ carrying out this scheme ~~may be proceeded with rapidly and shop sites formed on the western side in a line with Mutton market~~ as the need further may be examined

3 Formation of Dhanvanthri Road

Acquisitions may be completed and the compound of the K R Hospital extended early A scheme may be got up for acquiring further houses to form shop sites in a line with Devaraja Market

4 Formation of a circle opposite to Ayurvedic Hospital for installing the Statue of His Late Highness the Yuvaraja of Mysore

The position of the circle and the Statue as marked out is approved The Superintending Engineer may submit proposals for taking up the work early

5 New Bamboo Bazaar and Medars' Block

It is ~~necessary~~ desirable to shift the Bamboo Bazaar to ~~the Mysore South in~~ the area proposed for new Industrial suburb near Kyasamballi Reservoir The present lay-out of Medars' block may be modified by laying out only Bungalow sites with a set back of at least 135ft from the railway line The Bamboo Bazaar sites may ~~be connected into regular shop sites, so as to give a nice and beautiful appearance to the procession route~~ shall be acquired or shall be left in the possession of the shopkeepers on suitable conditions may be prescribed

6 Formation of a square at the junction of the new Bannimantap Road and the cross road leading to Industrial suburb opposite to Ookad

Mr Krumbiegal may be requested to give a lay-out for the square with storied buildings on all the four sides

7 Sheep slaughter house may be shifted to the new site, behind the hillock to the north of Jodithenginamara burial ground The existing building may be made use of otherwise for municipal or public purposes

8 N Madhava Rao's Circle

The circle was inspected with reference to the lay-out plan given by Mr Krumbiegal It consists of a semi-circle on the western side and a rectangle on the other side To complete the circle, the Mission School may be acquired and laid out into shop sites, in a line with - Nanjundappa's new building with necessary shifting of the road The blind wall of Mr Siddappa's building may be demolished and the party asked to reconstruct to match with the elevation of the Vani Vilas Market on one side and Mr Nanjundappa's new building on the other side The position of the Bus Shelter proposed in the triangular bit of land in front of Kailasa Vihar is approved

23rd October 1944.

My dear Mr. Bapat,

BEN & MYS SECT
3 NOV 1944
L S G BRANCH

In pursuance of our joint inspection on 8th October 1944 of the proposed Circle at the Elgin Fountain site and the formation of a straight road from the Circle up to District Offices, a scheme between two alternative estimates connected with the scheme as settled on the spot.

The estimate amounting to Rs.1,16,000/- is for acquiring properties for a width of 145' for forming the road from the Elgin Fountain up to D Banumiah (Old Santapet) Road, while the alternative estimate amounting to Rs.2,13,000/- is for -- acquiring properties for forming the Circle and the road from the Circle up to D Banumiah Road These estimates are only approximate having been based on plinth areas and the detailed reports accompanying the respective estimates explain the -- salient features contained therein

W Sec 2/ W/comp 10/44 — MP 26/10/44

I may however mention in this connection that for merely forming the road, the Lansdowne Building belonging to Government need not be interfered with while if the Circle were to be formed, a length of about 120' of the said building from the arch-way towards south will have to be dismantled. The cost of this is however included in the alternative estimate at Rs.5/- per sq.foot of plinth area

This pertains to the L S G Branch

Law Secy with Compts 31/10/44

These two alternative estimates may be submitted to the Dewan Saheb and orders obtained early as Notifications have to be issued immediately.

SECY LAW DEPT GOVT OF MYSORE 1944

Yours sincerely,
(Sd) R Ramachandra Rao Bhollore

Letter no 4264 D/16-11-44 from the Chief Engineer for Roads & Buildings forwarding for orders of Govt two alternative estimates in connection with the Limabonga straight road from the Elgin Road inward site to the DC offices at Mysore.

The views furnished by the Chief Engineer for Roads & Buildings are sound for approval & orders

CMS 20/11 Two alternative estimates viz (1) Rs 1,16,000 and (2) for Rs 2,13,18[illegible] have been prepared for the formation of a straight road from the Elgin Road site to the DC offices at Mysore.

The Chief Engineer for Roads & Buildings favours the second alternative viz the one for Rs 2,13,18[illegible]

He suggests that the formation of the cycle might be taken up after the Completion of the Canopy over the proposed statue of H.H. the late Maharaja and adds that the road across to Lansdowne Bazaar need not however wait & can be formed up to the Bonnumal road

ML 12-13

Sir,

Subject - Formation of a straight road from Elgin Fountain to District Offices (1st Stage, i e , from Elgin Fountain to Doraraiah Road)

I have the honour to forward herewith a scheme relating to the acquisition of certain properties in Block Nos 53 & 54 of Devaraja Mohalla, for the above purpose and to request you to be so good as to obtain early sanction of Government thereto

2 All the formalities enjoined under Section 16 of the City Improvement Act have been observed in respect of the scheme and the following papers are herewith submitted for the information of Government -

(1) Copy of this Office Notification No VI/44-45 dated 7-12-1944
(2) Copy of Trust Board Resolution Deferred Subject No 375 dated 28-3-1945
(3) Copy of the Municipal Council Resolution Deferred Subject No 644 dated 31-3-1945
(4) Blue print showing the properties proposed for acquisition
(5) Abstract estimate and Rental Value statement
(6) Declaration statements both in English and Kannada for favour of publication in the Mysore Gazette (25 spare copies may kindly be sent to this office for use)

3 In this connection, I may bring to the kind notice of Government that the City Municipal Council is of opinion that "these acquisition proceedings may be suspended till the cessation of war," but as this is a special scheme sanctioned by Government for the installation of the statue of His Late Highness Sri Krishnaraja Wadiyar and the Canopy work is rapidly progressing, the Resolution of the Municipal Council cannot be accepted The acquisition of these properties has therefore to be proceeded with expeditiously

4 The cost of acquisition for the 1st stage that is, up to Doraraiah Road will be 2,11,960/- excluding establishment charges and will have to be advanced by Government in the first instance In this connection kind reference is invited to last para of this office letter of even No dated 2nd May

APPELLATE SECRETARY
Dated 21/8
GOVERNMENT

Sir,

Subject - Formation of a straight road from Elgin fountain to District offices (1st stage)

With reference to your Letter No I 844 dated 7th Aug 1945 in regard to the grant of an advance of Rs 2,11,960/- in connection with the above work, I have the honour to forward herewith a copy of this office Letter No B2-C 1027/42-43 dated 2nd May 1944 relating to the said scheme as desired. Further I am to state that the scheme is self supporting in that the cost of acquisition is more than balanced by the realisation by sale of shop sites to be formed in the area. Besides, the present area in question is highly congested and insanitary and the formation of the proposed road will solve the great problem of slum clearance and will in addition provide a much needful beautiful highway in Mysore City in continuation of the statues. In this connection, I enclose herein a copy of my letter addressed to the Personal Assistant to the Dewan for favour of your kind perusal.

As the properties involved in the first stage of acquisition will have to be awarded and dismantled thereon from January '46 as now programmed, I request sanction of Government may be kindly obtained for a special grant of Rs 1,50,000/- in the current year to be given to the Trust Board as an advance in the first instance and to be recouped after the shop sites are formed and sold.

I have the honour to be,
Sir,
Your most obedient servant,

Chairman 1578

VNP

Copy of letter No B2-C 1027/42-43 dated 2nd May 1944 from the Chairman City Improvement Trust Board, Mysore to the Legal Remembrancer and - Secretary to the Government of H H The Maharaja of Mysore, Bangalore

---

I have the honour to state that in the Notes of Inspection of the Mysore City by the Dewan on 19th March 1944 received with your - Letter No L 10464 dated 8th April 1944 instructions have been issued - that plans and estimates for the work of forming a Straight Road from - Elgin Fountain to District Offices at Mysore may be prepared with a view to execute the work in four stages as the proposed road runs through a very congested area the number of properties involved for acquisition - is very large viz , 340, some of which are quite costly buildings The area has to be surveyed and detailed estimates have to be prepared not only for the 340 properties to be acquired but also for the - formation of the road including concreting its surface and providing - Under ground storm water drains and ducts for carrying water main etc As the existing staff is hardly adequate to cope with the routine work - of the Board which by itself is increasing in volume, a Separate -- Establishment as noted in the statement enclosed is absolutely essential for the preparation of necessary drawings and detailed estimates for this important scheme which is roughly estimated to cost Rs 5,50,000/- A statement setting forth a programme of work to be carried out each - year and the establishment required therefor was therefore prepared and - placed before the Board at the meeting held on 26th April 1944, and was - approved vide copy of resolution No 363 enclosed herewith

The first stage of surveying and preparing detailed drawings and estimates for the entire scheme is expected to take about 14 months - and the establishment charges as per details furnished in the above statement would be Rs 10,800/-. The staff provided is the minimum required and allowances have been recommended to some of the officers and officials of the Board as the preparation of the scheme on account of its magnitude - and importance requires, constant attention and involves an increase in - the work and responsibalities of these officers and officials

P T O

As the current financila year is drawing to a close and as the establishment can be entertained only after the receipt of the necessar Government sanction therefor, no additional funds will be necessary - during the current year Needful provision will be made in the next year's budget for the establishment charges

The scheme will eventually be found to be self supporting - as the sale of shop sites on both sides of the proposed road is expecte to fetch the entire amount expended overt the scheme The question of financinf the scheme in the first instance will be taken up with Govern ment before the actual execution of the work commences Meanwhile - I request that sanction of Government may kindly be communicated for - the entertaining of establishment required for the preparation of - drawings and estimates

Favour of early orders is solicited

I have etc ,

sd/- R Ramachandra Rao Chombore,
Chairman

"C O P Y"

Chairman

Copy of Letter dated 1st August 1944 from the Chairman City Improvement Trust Board, Mysore, to the Personal Assistant to Dewan of Mysore, Bangalore

---

Dear Mr Narasimha Rao,

With reference to your D O No 123 dated 31st July 1944 and your phone message of today I write to enclose herewith the following for favour of submission to the Dewan

1) Plan prepared in Oct 1941 by Mr Krumbiegal originally for erecting the statue for His Late Highness Sri Krishnaraja Wadiyar Bahadur in the place where the Elgin fountain now stands without demolishing any portion of Lansdowne Buildings

2) Modified plan given by Mr Krumbiegal in June 1943 to form a circle for the Statue and to form a straight road from Elgin fountain to District offices

(A blue print is only enclosed The original is with the Chief Engineer, Buildings & Roads)

3) A statement giving details of the proposed circle and road

4) Estimate of cost of acquisition

5) Estimate for forming road

The cost of acquisition amounts to Rs 5,50,000/ and the number of houses to be acquired will be 340 The number of shop sites measuring 20' x 35' that may be formed will be 180 and the area of of shop sites will come to 14,000 Syds The shop sites thus formed can be sold at Rs 30/- per Syd realising about Rs 4,20,000/- The extra amount to be provided for acquisition will be Rs 1,30,000/- The cost of forming a first class concrete road may come to Rs 2,25,00 which has to be met out of Trust Board funds

In this connection it may be stated that the area in question is highly congested and insanitary being a plague spot There have been constant complaints from the public that the Sanitation of this area should be improved by clearing slums There are several small schemes of acquisitions for removing insanitary houses in this area which are pending for several years past The formation of the proposed road will therefore automatically solve the problem and will in addition provide a much needed beautiful highway

P T O

highway in continuation of the statues The extra co
has therefore to be set off against the cost of acquisition wh
has anyhow to be incurred for the several small schemes for cl
of slums

The Chief Engineer for Roads and Buildings who has go
some plans connected with this scheme has been requested to submit
the same to the Dewan

Yours sincerely,

Sd/- R Ramachandra Rao Bhombore

the alternative Scheme costing
—— —— Rs 2, 13,880-
order no 3473-D 2 XI 43
with a view to have a
straight road formed from the
Elgin Fountain to the District
Offices, Mysore, Sanction was
accorded in y.o dated 6-6-44,
read above, to the entertainment
of the necessary staff for the
Survey and preparation of the
required estimates in this connection
The proposed road, besides forming
an important Bazaar road,
will open out the Slum ~~areas~~ areas
in the Mysore City The approximate
cost of forming it is estimated
at about Rs 5, 50, 000/ It is proposed
to take up the execution of the
Scheme in four stages as
noted below -
First Stage — Forming a Circle
including the acquisition of Lansdowne
buildings and a few private
properties for forming Shop
Sites along the Circle

(*Continuation sheet draft form*)

Second stage Forming the road from the Circle upto Sanchepet-C-Bannimaiah Road)

Third stage Forming the road from Sanchepet to Chamundesw Road

Fourth stage — Completing the balance length of the road from the Chamundeswari Road to the District Offices

2 The Chairman, C & T Board Mysore, has reported that a sum of Rs 4, 20, 000- is expected to be realised by the sale of shop sites to be formed on either side of the road and that the Scheme would be Self-Supporting The cost of acquisition of properties required for forming the Circle to and the road upto D Bannimaiah (old Sanchepet) Road is estimated at Rs 2, 13, 180-

3 Government directed that the work relating to the formation of the road across the

WD 0065—GPB—22 500—8 11 38

Lansdowne Bazaar upto Bannimantap road should be taken up immediately and are accordingly pleased to sanction the estimate for Rs 2,13,180- for this stage of the work.

4 Sanction is also accorded to the grant of an advance of Rs 1,50,000- by the Government to the Mysore city Improvement Trust Board to be recouped in due course, out of the sale proceeds of shop sites. The comptroller is requested to place the amount at the disposal of the Chairman, City Improvement Trust Board, Mysore.

5 Government direct that the formation of the Circle may be taken up after the completion of the canopy over the statue ~~statute~~ of Sir Athchuren the late Maharaja which is under progress.

D.O No B2-C 1027/42-43 10th November 1945

My dear Mr Mallaradhya,

I write to invite your kind reference to letter No B2 C-1027/42-43 dated 28th May 1945 forwarding a copy of Notification relating to the formation of a straight road from Elgin Fountain to District Offices (1st & 2nd stages i e , formation of circle & the road from the circle up to Banumiah road) and request that orders of Government for issue of the final Notification may be kindly obtained very early, since the Government have in their Order No. L 3473-6/M1 12-45-7 dated 2nd November 1945 sanctioned the grant of an advance of Rs 1,50,000/- for the acquisition of properties relating to the first two stages and the acquisition work has to be commenced from 1st January 1946 as per direction of Government

The matter may kindly be treated as urgent

Yours sincerely,

R Ramachandra Rao

J B Mallaradhya, Esq , M A ,
Additional Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore

~~objection No. VI/64-65 Option~~

To

Dr. T C M ROYAN, M.D.,
Minister for Education and Public Health,
BANGALORE

S i r,

I have herewith enclosed a copy of the Resolution passed at a meeting of the Residents of Devaraja Mohalla, held on 18th January 1946, for favour of your kind consideration and favourable orders

Yours faithfully,

Mysore,
4th Feb 1946

Proceedings of the meeting held in the Town Hall, Mysore on 13-1-1946 organised by the residents of Devaraja Mohalla, Mysore, at 7 P.M. to consult measures for securing adequate relief to the residents of Devaraja Mohalla in connection with the acquisition of houses for forming a road from the Elgin Fountain to the Public Offices, Mysore.

\- - -

Mr. S. Channiah, Congress Worker, Mysore presided.

Mr. U.L. Ramachandra Rao, Municipal Councillor, Mysore spoke in Kannada to the following effect:-

Mr. President and friends:- You all know that the object of this meeting is to oppose the Acquisition Scheme of Government for forming a road from the Elgin Fountain to the Public Offices, Mysore, and making the statue of His Late Highness the Maharaja Sri Krishnarajendra Wadiyar, appear beautiful. It is not right on the part of Government to give a very low rate of compensation to the owners of houses. Government should offer suitable compensation to the owners according to the prevailing market rate. Further I want you to understand that in view of the increasing cost of building materials and difficulty of obtaining sites for building, that the Government may postpone the scheme of acquisition to some future date, when normal conditions are resumed. The statue has already occupied a good space presenting a beautiful Circle around. I am placing before you these facts so that we may request the Government to postpone the scheme of acquisition to some future date. Resolutions will be placed before you for consideration at the end for being submitted to the Government.

Then Mr. Linganniah, Municipal Councillor, Mysore spoke to the following effect in Kannada:-

Mr. President and Gentlemen:- I have got some interest directly in this subject of acquisition, though I do not belong to Devaraja Mohalla. I live in Ittigeudu, but I have got a house in Devaraja Mohalla, which I am told will be destroyed during the operation of the acquisition scheme. It is not easy to construct houses newly purchasing bricks and other building materials at a higher rate. The compensation that is programmed to be paid by the Government is a meagre one. Therefore I want that the Government should not put the scheme of acquisition in to operation for two or three more years and I hope you will all agree with me in this direction.

Then Mr. Annajirao, Resident of Devaraja Mohalla, Mysore, spoke thus in Kannada:-

Friends - My predecessors have spoken at length on the subject of acquisition scheme. I shall say only a few words to you as a resident of Devaraja Mohalla. Cost of building materials have gone very high. It is difficult to secure bricks. In the project that the Government has in view, many small houses will be destroyed and poor people like me will be very much affected. Proper compensation is not promised to enable us to build new houses and obtain sites. Therefore I am of opinion that the acquisition scheme may be postponed for the present.

Then Mr. M.J.Jois, Congress worker, Mysore, spoke thus in Kannada:-

Mr. President and friends:- Ordinarily when a thing is done, it is to be done with advantage to one and all concerned. We all now welcome the idea that the City has to be made beautiful. For this purpose the public should not be inconvenienced. I tell you that in the scheme, many family houses are programmed to be destroyed. The members of such families will have to run away with all feelings of agony, receiving insufficient compensation, which does not enable them to build even a hut at the present time owing to heavy cost of building materials and non-availability of sites. It is very difficult to get houses in Mysore City and it is well known that 4 or even 5 families live in a house. I am sure that the public who are driven out of their homes will curse the Government for their action and run away to far off parts. Such people will not be able to enjoy the beautiful sights. There is already food famine and the Government have now contemplated to add to this misery the problem of securing shelter. This is a heart-rending affair. We have opposed the acquisition scheme in the Municipal Council Meetings, but in vain. Now the question of acquisition scheme is being discussed by the Trust Board, the majority of the members of which are nominated and support the Government plan.

Consider the question of securing accommodation to live in.

The man without a house should live under a tree. First and foremost find shelter for the man anywhere in the City should be provided and then the houses should be destroyed. It is not right on the part of the Government to knock of houses without providing accommodation beforehand. We have experienced that there are many obstacles and difficulties imposed by the Government for getting the eviction of houses. When this is the condition, how could we get houses even when we may pay rent?

We are sure that if not now, at least after some days the houses will be acquired by the Government for constructing the new road and adding to the beauty of the Statue, but it is not right that the Government should make this a profiteering source. We are aware that mostly the houses that are to be destroyed now, are occupying a places, where there is no proper sanitation, and medical aid. Still the owners have got a abiding affection to the area, and do not want to go away from this place. Suitable and just compensation should be paid to the sufferers.

Acquisition may be made only to the extent that is necessary and facilities may be afforded to those that are willing to stay near the road, in the places available after acquisition. Assistance may be made by the Government to construct houses in the sites left there according to the plan given by the authorities. Further I want that the scheme should not be sponsored now alone. Regard should be paid by the Government to the wishes of the subjects. During the most recent Meeting of the Chamber of Princes, even the Viceroy has said that the rulers should adjust to the wishes of the subjects. When the Viceroy himself is of this opinion and when the States are conceding to the demands and wishes of the people, it is not right for the Government of Mysore to reject the proposals of the subjects to postpone the scheme of acquisition to some future date. We should pass a resolution urging the Government to defer the scheme for 2 or 3 years more and send the same to the authorities concerned, for approval.

Then Mr. A. ram [illegible], Municipal Councillor, [illegible] spoke thus in Tamil:-

I have no houses to be lost in the acquisition scheme. Still I speak to you a few words as I am requested to do so by my friends, showing my sympathy towards the aggrieved. This question has been for a number of times discussed in the Municipal Congress party meetings and resolutions have placed before the Municipal Council, but the same was thrown down. The scheme of acquisition comprises of three parts- 1. Lansdowne buildings- 2. Pettah area. and 3) District Office-Road construction.

Many merchants suffer heavily if the portions of Pettah area are affected. No doubt, we feel glad that the city should be made beautiful and the statue should be placed with good appearance. The construction of the statue is already in progress and there acquisition is a good circle constructed around the statue. Further acquisition is not necessary for the present. The scheme of construction the road may be postponed for the time being and it could be done after some time. Still the war has not stopped. It is said that the war will stop actually on April 1st.46. Further there is the food problem. We are not able to build new houses now owing to the high cost of building materials. Cost of bricks is very high. In view of these circumstances, it is advisable for to defer the acquisition scheme to a later date.

When the houses were acquired in the Fort area for beautifying the Palace, people volunteered themselves so they were given facilities to move from that place. They were provided with sites and were permitted even to carry the old building materials if they liked. But according to the present schemes owners are not provided with any suitable accommodation beforehand, which is pitiable.

Suitable compensation is not paid to the owners and they are required to leave the places to which they had attached themselves since a long time with much pain, ill-feeling and suffering receiving very poor compensation for the loss. Adequate compensation should be paid to the owners of the houses and those that are willing to continue

to live in the places left after an acquisition for road construction, should be permitted, insistence being made of course on them to earnest construct houses on the approved plans.

A resolution to postpone the scheme for 2 years or more should be passed and sent to the authorities for consideration from this meeting.

Mr.J.Channiah, (President), spoke in Kannada to the following effect:-

It is a great satisfaction to see that the rate-payers that are present here are evincing so much interest in the deliberations of t meeting to-day. It is our object at this moment to make the Government understand our difficulties in the event of the acquisit being operated. It is no doubt our desire that the city should be beautiful and look grand. Mysore City should be made a model city. But it is wrong on the part of Government to do this disregarding t interest and wishes of the people in carrying out this object. The acquisition scheme should be opposed. This question has been discussed at length in the Municipal Council Meetings, but in vain. This question has now been carried over to the Trust Board for discussion and adoption, where there is a majority of the nominated members, who naturally support the action of the Government. There are three congress party members, whose voice will not be heard with success in the Trust Board. We should request the Government that people should not be made to leave the present places to far off places after acquisition is made and merchants should not be inconvenienced and discomforted in their business. The scheme may be carried out after providing suitable accommodation beforehand to the people and without being detrimental to the interest of the traders. We all remember, how the attempt of the Government to avoid heavy traffic in the Kanthepet miserably failed. Trade flourishes if the merchants class hold their business in the centre of the City, as the poor people will be able ~~to~~ conveniently to go to the centre of the City in a short time.

Time is not favourable to construct houses now. Instruction

have been issued to the P.W.D. by the Government not to carry on big construction work for one year.

It is deplorable to note that owners whose houses are not required to be acquired for constructing the new road, are issued notices to vacate the buildings and dwelling houses. There are instances where people who having lost their houses, have not been able to build a house even for 20 years. It is very difficult to construct new houses. Deputations should wait of the Ministers and Dewan and they should be taken to the interior places and explained how the people and trade suffers in acquisition scheme. Only a few could afford to own cars and conveyances and go to any place for marketting, but on the whole the poorer classes are hit hard for marketting conveniences.

Regard should be paid to the civic and social welfare of the subjects. Authority and power should not be made prominent factors. Public opinion should be regarded by Government. We must fight to the last in our endeavour to achieve our object.

It is a great pity that Government have later had to pay insufficient compensation and make profit out of this acquisition scheme. Government should not take out money for their benefit. The process of acquisition should be done state by state and area by area. It should not be very rapid. It is no good constructing roads merely without any regard to their upkeep and maintenance in a proper manner.

We are glad that much progress has already been made in the construction of the Statue. Sufficient acquisition of land has already been made for the purpose and the place looks beautiful. Further acquisition for the present may be stopped and a resolution may be sent to the Government on this behalf.

I thank the organisers of the Meeting and you all for having given me this opportunity to place my views on this subject of acquisition.

Then the following resolutions were read out:-

1. "That the formation of road from Gajin Fountain to District Offices- construction of Santhapet and Bammigh's road and improvement of Mahanji Road.- cause misery to the public and therefore the this scheme must be postponed to be operated after 2 or 3 years or until normal conditions are resumed, if found necessary to make the Statue look more beautiful."

Moved:- Mr. Linganniah.

Seconded:- Mr. Arnajirao.

This resolution was unanimously passed.

2. "That the Government should be urged to confine themselves for the present only to demolishing a portion of the Lansdowne Building, to make the Statue Circle appear grand after paying adequate compensation to the parties concerned and providing suitable accommodation before acquisition".

Moved:- Mr. U.L.Ramchandra Rao.
Seconded:- Mr. Satyanarayana, Municipal Councillor.

This resolution was unanimously passed.

3. "That if the Government are so determined as to promote the acquisition scheme now alone they should do so only after permitting the owners that now live there to make use of the surplus area left behind after acquisition for building houses and shops in the interest of trade and public welfare.

Moved:- Mr. U.L. Ramchandra Rao.

This resolution was much debated and discussed. Mr.T.Venkatarmaniah intervened at this juncture and requested Mr. U.L.Ramchandra Rao to withdraw the resolution for the present as the importance of the

the first two resolutions would be lost in the light of this resolution.

Then Mr. U.L.Ramachandra withdrew this resolution as desired and requested that a Committee should be formed with the following constitution for further and future discussion of the subject, which was agreed to by the President:-

Members:-
1. S. Channiah, President.
2. T. Venkataramaniah - Convener
3. Sowcar Linganniah
4. U.L.Ramachandra Rao.
5. M.N.Jois
6. Annajappa & Annajirao
7. A.S.Lakdanna.
8. Narayana Rao.
9. Muniswami Raju.

- - -

The Meeting terminated at 8-15 P.M. with vote of thanks by Mr. U.L.Ramachandra Rao, and singing of Vandemantharam.

There was a Gathering of about 30 persons.

(Note:- The proceedings of the meeting were all in Kannada).

R RAMACHANDRA RAO BHOMBORE *Chair*

No. 178/45-46.

Special Report for 19-1-1946.

SUBMITTED TO THE DISTRICT MAGISTRATE, MYSORE DISTRICT, MYSORE.

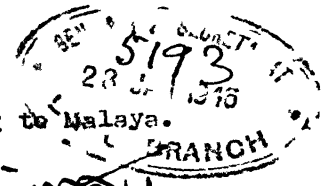
On the evening of 18-1-1946 a public meeting was held in the Town Hall by the residents of Devaraja Mohalla to concert measures for securing adequate relief to the residents of Devaraja Mohalla in connection with the acquisition of houses for forming a road from the Elgin Fountain to the Public Offices, Mysore. Mr.U.L.Ramachandra Rao had applied for permission to hold the meeting, which was granted by the Deputy Commissioner, Mysore with conditions that no politics should be dealt with on the occasion. Mr.Ramachandra Rao is most concerned in this affair as he himself possesses many houses in that locality. The meeting commenced at about 7 P.M. About 30 persons of the Mohalla were present. Mr.S.Chenniah was in the Chair. Messrs. B.Narayanaswami, T.Venkataramaniah, K.R.Satyanarayana, E.P.Elangovan, Agraram Ranjiah, T.Narasimha Iyengar, M.N.Jois and U L.Ramachandra Rao, all members of the Congress Municipal Party were present. Among the public Mr.Annaji Rao of Devaraja Mohalla, G.Linganna, Mir Noor Hussain, Sowcar Bajjanna were present. Messrs. U.L.Ramachandra Rao, G.Linganna Nazarabad, Annaji Rao, M.N.Jois, Agaram Ranjiah and S. Chenniah spoke on the occasion. (Copy of the Proceedings enclosed)

The resolution that 'if the Government are so determined as to promote the acquisition scheme now alone they should do so only after permitting the owners that now live there to make use of the surplus area left behind after acquisition for building houses and shops in the interest of trade and public welfare', was much debated and discussed by the house. Mr.T. Venkataramaniah intervened and requested Mr. U.L.Ramachandra Rao, the mover of the resolution to withdraw the same, who did so agreeing to form a Committee for considering the case in future:-

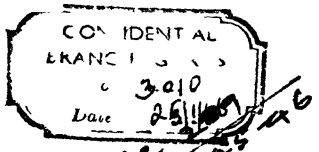
Messrs:- 1. Chenniah,(President). 2. T.Venkataramaniah; 3.Sowcar Linganniah, 4. U L.Ramachandra Rao, 5. M.N.Jois, 6. Annajappa @ Annajirao, 7. M G Madanna, 8.Narayanarao, 9. Muniswamiraju.

Mr. U L.Ramachandara proposed that Mr.T.Venkataramaniah to be the Convenor, which was approved.

Mr. Parthasarayanapandi of Shimoga who is running an Ayurvedi pharmacy in Mysore City is ascertained to have been requested by the All India Ayurvedic Congress Committee to be in charge of the



of the Ayruvedi Relief Committee proceeding to Malaya.



Supdt.of Police, Mysore District.
